DATE OF INF

THIS IS UNEVALUATED INFORMATION

1. The Senozaty airfield /4933N-1509E/ was located approximately 2 1/2 km. southwest of Senozaty and approximately 500 m. north of the junction of the Prague to Jihlava road, and the Humpolec to Tabor highway. 25X1
2. The airfield was approximately 1,200 m. long (north - south) and approximately 600 m. wide, (east - west), and had an irregular shape. It was grass surfaced, had natural drainage, and was approximately 480 m. above sea level.
3. One wooden hangar was located on the north end of the airfield. Two wooden buildings were located near the hangar. The Vlasim to Cervena-Recice highway, /Encl. A, Pt. 17, provided access to the airfield. in 1950 the Senozaty Airfield was used only for the Doslet Club 25X1
4. Obstructions included one hill, approximately 150 m. higher than the airfield, located approximately 1,000 m. north and one hill, approximately 50 m. higher than the airfield, located south of the airfield.
